## SAVE THE WORLD FOR DRAGONS!

IN THE BEGINNING, the five Dragon families lived in their five Dragon Worlds in harmony. Their lives were happy and peaceful . . . until the day a Gnorc broke the rules!

Gnasty Gnorc was an unpleasant creature from the bottom of his dirty boots to the top of his unwashed head. He wasn't pretty, and his personality combined the short temper of a gnome and the bad attitude of a orc!

Gnasty resented the happy Dragon families. More than anything, he detested their beautiful, shiny jewels, which were not only nice to look at, but showed him reflections of his own ugly mug every time he did so. Gnasty became such a problem that he was banished to the Dragon junkyard. This was a world the Dragons weren't fond of, though it suited Gnasty just fine. He renamed it Gnasty's World as soon as he got there.

Gnasty began to fool around with magic spells. After a while, he hit on the two he wanted: a giant spell to trap all the Dragons in crystal, and a potion to animate those radiant gems and turn them into Gnorc soldiers.

On a nice sunny day, Gnasty crystallized all the Dragons then turned all the gems he could find into his willing minions. He even began turning the Dragon Worlds into Gnorc Worlds! But the one little detail he didn't count on was Spyro the Dragon. Spyro just happened to be playing hooky — again — and missed getting crystallized by Gnasty's spell.

Now Spyro, the only unfrozen Dragon, must travel the six worlds — including Gnasty's industrial world — releasing all the Dragons and collecting their stolen treasure. In the meantime, Gnasty's minions are doing their best to stop him. Not that Spyro is without friends . . . the Dragons he releases give him hints, and all along the way he is accompanied by Sparx the Dragonfly, his best friend.

What seems like a fun time flaming Gnorks soon turned into the adventure of Spyro's young life. When he meets Gnasty Gnorc for the final conflict, his destiny can truly be fulfilled! Go get 'em, Spyro!

## SPARX THE DRAGONFLY

It's time you learned a little about me. Spyro's my best friend and I'll do everything I can to help you out.

I can take 3 hits, but then I'm outta there, and you're on your own.

You can see how I'm feeling by my color:

Yellow	Full health (3 hits)
Blue	Medium health (2 hits)
Green	Low health (only 1 hit left!)

If I'm low on health, or gone, just flame some small creatures that release butterflies and I'll be back. I love butterfly snacks, and when I eat one I get one point of health until I'm back to full health. Mmmmm!

## FACE YOUR FOES!

Gnasty Gnorc has ordered all types of creatures to get in Spyro's way. But, use your flame and charge attacks and you can defeat just about anybody!

Flames aren't going to work here.

Hmmm — he looks big!

## SAVING THE WORLD IN 3 EASY STEPS

### JEWELS

You may think that saving the world from Gnasty's magic spells is easy... well, it's not. Not only has Gnasty turned some of the Dragon Treasure into his own warriors, but he's also stolen the rest of the Dragon Treasure. Some are locked in chests, others are scattered all over the place. (Gnasty is not only the world's most unpleasant Gnorc, he is also the sloppiest.)

I'll help pick up the Treasure that's lying around. I may be small, but Spyro and me — well, we make a great team!

The Treasure Boxes are another story. Flame or charge these to pop them open.

### DRAGON EGGS

Gnasty has turned a fine collection of jewels into a pesky gang of minions. What's worse, he has invited thieves into the Dragon kingdom, and they're stealing the Dragon Eggs. Catch these crazy guys and recover the Dragon Eggs before they're whisked away forever!

### DRAGONS

Clearly the Dragon kingdom cannot be restored to normal until all of the Dragons have been freed from their crystal prisons.

To release a Dragon, just walk up to it and break the spell. Rescue them and they may thank you with a hint or tip.

## SAVING YOUR GAME

I'm not Spyro's only friend in the Dragon world . . . there are a lot of fairies who can help him, too. They may rescue him from falling or show him where to go next. The most important is the Red Fairy.

When you rescue a Dragon and step on the platform, a Continue point is reached. If you are defeated after that point, you'll return to that platform. If you wait on the platform, the Red Fairy will appear and give you the opportunity to save your progress to a Memory Card (or to replay the Dragon's message, in case you forgot it).

## YOUR INVENTORY

Each World contains different numbers of jewels and Dragons. Press Select to review your Inventory. Press the Directional Buttons or Left Analog Stick  $\leftarrow/\rightarrow$  to review your entire Inventory.

Total Jewels Found in the Game    Dragons Freed    How much of the Game You've Completed

## TRANSPORTING

### MOVING THROUGH EACH WORLD

You can travel in and out of the levels in a world whenever you want. Within the home areas, several portals will lead to the different levels. The swirling Vortex platforms found in the levels will take you back Home.

And away we go!

### GOING TO NEW WORLDS

In order to catch Gnasty Gnorc, you'll need to get through all five Dragon Worlds, then enter Gnasty's World.

There are six balloonists, one in each World's Home area. The balloonists take you from world to world if you accomplish certain goals. Don't worry — if you don't know what the goals are, they'll tell you. They're very serious guys, you see.

## TREASURE ROUNDS

You'll find Treasure Rounds by doing something special, like shoot a rock or solve a platform puzzle. Dragons may also tell you where to find a Treasure Round, so listen carefully.

## WORLDS

### ARTISANS

This family of Dragons provides the world with artifacts of culture and beauty. They write songs, create sculptures and paintings and are the most gentle of all the Dragon families. They are very social beings and enjoy getting together for group singing and art viewings among the lush, rolling hills and green valleys of their home.

### PEACE KEEPERS

These large, powerful Dragons enforce order throughout the world. They are the strongest of all the Dragon families, and know the most about battling their enemies. They live in the desert sand dunes, tar pits and ice-caves and are always on the lookout for any creatures breaking the peace.

## WORLDS CONT.

### MAGIC CRAFTERS

Dragons of this Family spend their time making magic artifacts used by all the Dragons throughout the rest of the worlds. They are shy around other creatures and like to be alone. They can be

very happy in their remote mountaintops, ice cliffs and caves, studying their craft in peace.

### BEAST MAKERS

These Dragons are responsible for bringing forth all new species of creatures living in the world. They choose to live in swamps, in tumble-down wood platforms, on stilts in the mud flats and in hollowed-out trees in the thick forests. Here they can find natural clay, roots and other materials to do their work.

## WORLDS CONT.

### DREAM WEAVERS

These Dragons are peacekeepers of the night. From their island in the clouds, they flit through the dreams of other creatures of the world, making sure that no nightmares bother dragons while they're sleeping. Anyone who has bad dreams at night can call on these Dragons for help.

### GNASTY'S WORLD

This place is dark and haunting. Be careful!
